#### IT IS USELESS.

To Prolong a Hopeless War, Says Minister Dupuy DeLome.

Maj. H. P. Lloyd Wants to Be Minister to Belgium-Frank Palmer, of Illinois, Nominated for Public Printer-The Cabinet Meeting-Foraker's Bill.

WASHINGTON, March 31. - Within the past few days Minister Dupuy De Lome has said in private conversation to more than one person that the cause of Spain in Cuba was lost forever. He has intimated that the official administration of the island was honevcombed with either dishonesty or incapacity, and that in view of this fact it was idle for Spain to be sending soldiers to the island, for no matter how brave privates might be, the ling. officers were looking for private gain or public honor, and sacrificed their troops for personal considerations.

From the conversations of the Spanish minister, who has usually been so guarded, it is taken for granted in the diplomatic corps that Spain is getting ready to drop Cuba as gracefully as may be. The monarchy will ostensibly fight to the end, but it is almost ready for surrender, provided something can be done to cater to Castillian pride.
